BYE-ELECTIONS

Write Issued for two Bye Elections on February 6—Brodeur Sworn In.

(Bulletin Special Dispatch)
Ottawa, Jan. 19.—Hon. L. P. Brodeur, speaker of the House of Commons, was sworn in as minister of inland revenues at noon and at once took charge of his department.
Write for Westmore and Newville have been issued. The elections will take place in these constituencies for Brodeur and Emerson on February 6th.

LOOKS LIKE WAR

That Will be the Ultimate Result
(Bulletin Special Dispatch)
New York, Jan. 20.—Latest cables say Russia is determined to make concessions and that the ultimate result is war.

WAR PRICES

Wheat Soaring to 90 cents in Chicago.
(Bulletin Special Dispatch)
Chicago, Jan. 20.—May wheat sold yesterday at 90c, the highest point since 1892, when Armour cornered the market.

OLIVER MEETING

Fort Saskatchewan, Jan. 19.—Mr. F. Oliver, M. P., addressed two large meetings yesterday, the first at 2 o'clock, at 2 p.m. Mr. Jno. Flahar acted as chairman and he also spoke. Mr. Oliver's second meeting was at Goodhope at 7 p.m., where M. McCarty acted as chairman.
Much enthusiasm was shown by those present at both these meetings.

MANITOBA SESSION

Report of Provincial Land Department Given out — Large Sale of Lands.

(Bulletin Special Dispatch)
Winnipeg, Jan. 19.—Hon. R. P. Roblin brought down the report of the provincial land department in the House yesterday.
There was disposed of during the year 1903, 234,476.04 acres of land, which realized the sum of \$779,478.89. The area disposed of in 1902 was 290,799.30 acres, for \$1,057,763.02. The price per acre in 1903 ranged from \$3 to \$5 and average figure was \$3.32 which is very fair, considering the fact that a great area of lands which the department control are swamp and as a rule are more adapted to present stock raising than grain growing.

WHEAT AND OAT QUOTATIONS

Fort William, wheat, No. 1 northern, 82 1-2c a bushel.
Winnipeg, oats, No. 2 white, 30 1-2c a bushel.

RUSSIA AND JAPAN WILL FIGHT IT OUT.
A St. Petersburg cable says: "The petty concessions made by Russia to Japan only delay the final outcome."

FAVORING RAILROAD MONOPOLY

The Conservative press grasps with avidity at every opportunity to cast aspersions on the Grand Trunk Pacific Railway project. A recent issue of the Winnipeg Telegram contains the following editorial note:

"Early last summer we were told that the Grand Trunk Pacific Railway had survey parties out, and had all preliminary arrangements made, so that, immediately after the contract should be passed by parliament and signed, the actual work would begin on a large scale. These visions have faded into thin air."

The Telegram rejoices that the work on the Transcontinental railway will not proceed with as much vigor as was anticipated. It, with the Conservative press throughout Canada have attained a certain amount of success in their campaign against the building of this new railroad. They rejoice that they have prejudiced capitalists against the railway and in this way have delayed to a certain extent the building of the road. The Telegram is waging a warfare in favor of railroad monopoly which has for so many years been a curse to the West. It would appear that the Telegram and its Conservative friends are opposed to the granting of favorable means of transportation to the people of the West.

PIANO RECITAL

Robertson hall was crowded to the doors last night, the occasion being the piano recital by Percy S. Hook, assisted by Miss Edith Bellamy, pianist, and Howard Stutchbury, baritone.

This was Mr. Hook's first recital given in Edmonton and the results must be most gratifying to him, and assured him of having established his reputation in this town of being an artist in his chosen profession. Though he appeared several times on the program, the demands for encores in every instance were most enthusiastic.

Miss Bellamy gave two recitations, which were rendered most perfectly and called forth repeated rounds of applause.

Mr. Stutchbury sang in his usual pleasing style and responded to encores.

LACOMBE.

Substantial progress has been made by our town during the year that has just passed, but great possibilities are near at hand. There is every indication of the long talked of railway to the east of us coming into existence during the coming season, which will establish for some time a good market for our labor and produce. It will also mean that our town is soon to become a railway and wholesale centre. The municipal buildings will be erected this year and a first-class system of fire appliances installed. The question of electric light is already being discussed, and it is hoped that a plant will be in operation by next autumn. The court house and jail should come to Lacombe, but whether or not the government will look upon it in that light is a question. It remains for the citizens of Lacombe to stand as a unit in working for the common good.

THE CALGARY FIRE

Calgary, early this morning experienced one of the worst fires, if not actually the worst, in the history of the city. As a result of the conflagration, the new Norman block, owned by Senator Loughheed, one of the most substantial of the handsome looking buildings in the city, is in ruins.

The following were those burned out:

William Robertson, men's clothing. Glanville & Company, dry goods. The new Normandie theatre. Dr. Edmonds, dentist. The Great West Life office. Dr. Ernest Wills, physician. Dr. Aull, physician. R. S. Sales, men's clothing. Kerr & Tirrill, grocers. D. J. Young & Co., stationer and musical instruments.

The cause of the fire is not definitely known. It started in the furnace room of William Robertson's clothing store.

About fifteen minutes after the arrival of the brigade, Chief Smart seeing that his men were being handicapped by not knowing the exact quarter in which the fire raged, forced an entrance to the building and started in. He had gone but a few feet, when he dropped to the floor. As soon as the water was thrown on to this gas it quickly generated. This is what caused the chief's collapse.

The fire spread into Glanville's dry goods establishment and made great ravages in the big stock which the firm carried.

There is a heavy fire wall between Glanville's premises and the newer portion of the Norman block to the west, and the firemen did their utmost to prevent the blaze getting further in that direction.

Just when it looked as if the firemen, who had worked hard, were thought to have the fire confined to that portion of the block occupied by Glanville's dry goods store and Robertson's clothing house, the water pressure gave out, an engine at the waterworks going wrong.

From Glanville & Company's, during the interval of no water, the fire got into Sales' clothing store, then on to Kerr & Tirrill's grocery, and lastly into D. J. Young's book store.

It was 5:30 o'clock before the firemen really had the blaze under control, and all morning the firemen kept pouring water on the smouldering ruins.

The stocks carried by all of the firms who were burnt out, were all heavy. Glanville & Company had a stock of \$40,000.

The total loss will foot up, it is expected, to \$150,000, while the insurance will not be much over half that amount.

AN AMERICAN VIEW

January 12th, 1904.
Editor Bulletin.—Herewith I enclose you a draft for one dollar (\$1.00) for the Semi-Weekly Bulletin for the year 1904.

I am always glad when the Bulletin comes with its news of Alberta and the West generally. I have the interest of a native born Canadian in the welfare of the great Canadian West. I sincerely hope that the Grand Trunk Pacific Railway will be successfully financed and carried to completion through the great Saskatchewan and Peace River valleys. In my humble opinion, it is one of the greatest enterprises the Dominion has yet entered upon for the development of national wealth and strength; affording as it will, the safest all year route for the West, through its vast fertile territory, to both the Atlantic and Pacific coasts. In any case the Saskatchewan valley will soon have the Canadian Northern Railway.

I was much impressed by the fertility of Alberta when I visited Edmonton late in August, 1899, though your season was wet and crops late that year.

Yours Truly,
A. BARNETT.

NORTHWEST FISHERIES

Ottawa, Jan. 16.—There will be a commission of enquiry into fishing matters in the Northwest Territories. It is complained that fishing companies are cleaning out the lakes and rivers long before the settlers get a chance to enjoy the benefit they should of these waters.

WINNIPEG MARKETS

Commercial, Jan. 18th.

Oats.—The market holds very steady. Supplies are coming into moderate volume. Last week's shipments showed only two cars shipped eastward from Winnipeg. Prices are steady. Local feed dealers are paying 30 1-2c to 31 1-2c for No. 2 white oats, in carlots on track here, and 29 to 30c for feed grades. For farmers' loads at country points prices are averaging about 25c. The street price here for farmers' loads is about 30c a bushel for ordinary quality.

Barley.—Malt grades are bringing 36 to 37c per bushel in carlots on track here, and feed grades 34 to 35c. Farmers are getting about 25c at country points.

Wheat.—Manitoba wheat has been firm or dull according as the American markets advanced or declined. Shipping trade is unusually quiet, prices being too high to allow of export to any extent. On the week prices are unchanged on the higher grades, but sharply lower for feed wheat of which there is an over-supply. 3 northern is also 1-2c lower on the week. At the close of business yesterday prices were as follows, viz.: 1 northern, 81 3-4c; No. 2 northern, 78 3-4c; 3 northern, 74 3-4c; No. 4 wheat, 68c; feed, 51c, and feed feed No. 2, 41c, spot or January delivery. For May delivery prices are 1 northern, 86 1-2c; 2 northern, 83 1-2c; 3 northern, 79 1-2c; No. 4, wheat, 72c, all in stock, Fort William or Port Arthur.

ALBERTA COLLEGE SUN DAY

(Correspondence)

Last Sunday was college Sunday in the Methodist church. Our Principal, Rev. J. H. Riddell, B.A., B.D., occupied the pulpit, both morning and evening.

In the morning the text was from the words found in Luke 12, 23: "The life is more than meat, and the body is more than raiment. In the evening the Principal again occupied the pulpit. In speaking of the college, he stated that on October 5th, 1903, the college was opened. On that day he (Principal Riddell) arrived, and although he waited all day, no pupil put in an appearance. But such was his make-up that he did not believe in the omens of days gone by, and so looked for a brighter future. The next day one lone pupil came and gradually the number increased, until now the most optimistic expectations have been far surpassed, and on the roll the names of fifty-five pupils have been registered. Then Mr. Riddell gave an account of the work taken up and the opportunities afforded to the young people of the West. He closed these remarks by stating that the institution stood for that which was highest mentally, physically and spiritually; aiming to make the best of men and women for the life here and for the life hereafter.

After the singing of hymn 276, Prof. Riddell took as his text Luke 9, 23, and dividing his subject into three divisions: Hiding good-ly to ourselves; Taking up our cross; Following Christ; made the subject very clear and impressive.

The day's givings were for the help of the new institution. Two hundred dollars was set as the amount looked for, but we are pleased to say two hundred and fifty-five dollars was the amount received.

The Principal is now arranging for grounds for the new building, and soon Edmonton will see rising in her midst, Alberta College. May Alberta College prosper, and the orange and purple fly to the breeze, proud of the institution for which it stands.

HANDSOME SOUVENIR

The magnanimous treatment that was extended by the Grand Trunk to the delegates to the fifth Congress of the Chambers of Commerce of the Empire, during their visit to Canada last August, has still further been accentuated by the forwarding to the delegates throughout the British Empire, to their home addresses, one of the most beautiful souvenirs that has ever been issued by any railway. The souvenir is in the shape of a book, and includes a series of reproductions in direct photographs taken during the trip through Ontario and Quebec. The reproductions are in half-tone, printed in the duo-color process, on the finest enamel coated paper that could be secured, the descriptive matter being simply the titles of views, and each page is embellished with a vignette syncretical of each individual district, and appearing in the bottom left hand corner. There are twenty-four pictures in all in the book which, in addition to a view of the splendid train that was tendered by the Grand Trunk to the occupants, shows scenes along the line between Montreal and Niagara Falls, Niagara Falls and Windsor, Sarnia to Muskegon, some beautiful reproductions of the scenes in the "Highlands of Ontario," and a very comprehensive set of group pictures that were taken of the party during their trip. The whole is bound in dark green silk with a beautiful title page stamped in red and gold showing the coat-of-arms of the Dominion of Canada, encircled with a band of green silk, the bow tied in a bow at the edge. This souvenir will be greatly appreciated by the delegates, and will not only bring back pleasant remembrances of their trip to Canada, but will be an additional factor in bringing before the British Empire, the great resources and the magnificent regions in Canada through which the Grand Trunk passes.
